

30 April 2020

Covid-19 specific staff training protocol

1. This protocol must be read by all staff and confirmation recorded by Practice Manager before any member of staff can join the clinic rota.
2. In addition to Infection Control training each member of staff will attend Covid-19 Specific Staff training under the direction of our head of Clinical Governance who will certify each individual as competent before joining the staff rota.
3. At the discretion of the Practice Manager and Management team, any breaches of any related protocols can be remedied by attending a further training session and demonstrating clinical competence in relation to Covid-19.

To be reviewed 30 May 2020
